## RECOMMENDATIONS

"Asim is a very valuable resource for any organization, he is an IT professional with good knowledge of all three areas i.e. software, hardware and networks. Asim invariably finds solutions to problems being faced by the users and tries hard to keep the things running uninterrupted."

--Amir Mahmood, FCA, Chief Financial Officer, Alrazi Healthcare Pvt. Ltd (Abu-Dhabi Group)

"Rana Asim has been directly working under me for the last 5 months. I have found him dedicated, hardworking IT professional. He has good understanding of the healthcare systems, possesses good analytical skills, undertakes research and development tasks to design and develop customized solutions. His best quality to me is to take responsibility on tasks and proceed to deliver as per project timelines. He considers work as a promise which he likes to keep. Besides, him being tech savvy he has good administrative skills to exhibit control over subordinates to map it to task deliverables on time. Best of Luck from me to him on his future growth."

--Dr Aamir Mehmood, Director Commercial Strategy, Alrazi Healthcare Pvt. Ltd (Abu-Dhabi Group)

"I hired Rana Asim purely on his sound technical skills, and the desire I saw in his eyes, to work on something big! Big it was- we set-up E-Medical Records, online both laboratory results and radiological results and remote diagnostic reporting- all of these were done for the first time in Pakistan! Rana Asim was the person behind it all, and he worked well with both senior and junior colleagues, whilst he was laying the foundations for a revolution in IT Healthcare in Pakistan. I am sure he will have a bright future ahead and I wish him all the best always."

--Dr. Osman Bashir Tahir, Ex-CEO Alrazi Healthcare Pvt. Ltd (Abu-Dhabi Group)

"Asim is managing the overall IT operations for Al Razi. I have found him to be a very pleasant and outgoing person. He remains focused on his ultimate goal of delivering the best under toughest circumstances. He is a fast learner and a wonderful contributor. I wish him all the very best for his life and career."

--Mr. Khurram Lodhi, GM Human Resources, Alrazi Healthcare Pvt. Ltd (Abu-Dhabi Group)

"A very sharp individual with sound capabilities to adjust to any environment, a very good developer for all computer languages with sparkling qualities of doing research on anything and getting to problem resolution in the least possible time. I really liked him as a colleague and as a team member."

**--Mr. Omer Mobeen, Manager I.T, Bank Alfalah Limited – Consumer Finance Division**

"Rana Asim is a very competent and sharp Manager. He always is good and professional at Work place. People learn a lot from him, and he always be very helpful in completion of every task related to IT and Networking."

**--Raza Zaidi, Marketing Executive, Alrazi Healthcare Pvt. Ltd (Abu-Dhabi Group)**

"Rana Asim has great IT skills and I would like to congrats him on receiving Letter of Appreciation for developing Web Interface Program from scratch for effective management reporting."

**--Mr. Nauman Shahzad, System & Finance Analyst, Al-Razi Healthcare (Abu-Dhabi Group)**

"Asim Wajid is a very good person and he always stands up for his team and works diligently with the management team to get the best outcome for the project and the company. He is also easy to work with and tends to be calm under pressure."

**--Mr. Muhammad Nasir, Network Engineer (CCNA,CCNP), Alrazi Healthcare (Abu-Dhabi Group)**

"I have worked with Rana while installing the PACS/RIS system at ALRAZI Healthcare and i found Asim a talented and qualified person , he likes his job and he is very organized in his work , has a great knowledge about the PACS and tele-radiology system , hope to work together again in a further projects."

**--Ahmed Talaat ,CIIP (Technical Support Manager -Paxeramed Corp)**
